This interim Management Discussion and Analysis (“MD&A”) is for the three and six-month periods ended June 30, 2017 and 2016 and should be read in conjunction with Automodular Corporation’s unaudited interim consolidated financial statements for the three and six-month periods ended June 30, 2017, prepared in accordance with International Financial Reporting Standards (“IFRS”). All dollar amounts in the interim consolidated financial statements and MD&A are shown in Canadian dollars unless otherwise indicated. References to “Automodular” or to “the Company” refer to Automodular Corporation and its direct and indirect subsidiaries unless the content indicates otherwise.

Following the expiry of the Company’s commercial agreement with Ford on December 23, 2014, Automodular ceased operations at its two facilities in Oakville, Ontario. During the first quarter of 2015 both facilities were returned to the respective landlords. As of the date of this MD&A, Automodular has no active operations. The Company has retained two salaried employees and one consultant.

Automodular Corporation’s common shares are traded on NEX, a separate board of the TSX Venture Exchange (“TSXV”). The shares are trading under the symbol “AM.H”.

### **SECOND QUARTER OVERVIEW**

Automodular reports a net loss of \$(0.3) million or \$(0.02) per share in the second quarter of 2017 compared to a net loss of \$(0.3) million or \$(0.02) per share in the same quarter of 2016. Results for the current quarter of 2017 include administrative costs and costs associated with the ongoing legal claim against General Motors Company and General Motors of Canada Ltd. (“GM”).

### **FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES**

#### **Operating activities**

Net cash of \$1.5 million was used by operating activities in the current year-to-date period. In the same period of 2016, \$1.2 million in net cash was used by operating activities. As previously noted, Automodular’s operations ceased in December 2014.

#### **Investing activities**

Cash provided by investing activities of \$0.1 million was consistent in the six-month period ended June 30, 2017 when compared to the same period of 2016.

#### **Financing activities**

There were no repurchases under the NCIB in 2017. During the three-month period ended June 30, 2016, Automodular repurchased 72,900 shares under a normal course issuer bid for total consideration of \$0.2 million, inclusive of fees and before taxes. #### **Financing resources**

#### **Shareholders’ equity**

Shareholders’ equity decreased from \$33.6 million at December 31, 2016 to \$32.9 million at June 30, 2017 due to the loss generated during the current year-to-date period.

During the current quarter, the Company provided an interest-free loan of \$150,000 to its CEO. The amount is repayable upon termination of employment of the CEO. The amount is included in other receivables on the consolidated statements of financial position.

### **Recap and Outlook**

The forward-looking statements below are not historical facts but reflect the Company's current expectations regarding future results or events and are based on information currently available to management. Certain material factors and assumptions were applied in providing these forward-looking statements. Please review our forward-looking statement disclaimer at the end of this MD&A which includes a list of material factors and assumptions applied in providing these forward-looking statements.

Automodular's Q2 2017 results were in line with our expectations. We continue to expect our annualized cash expenditures for 2017 to be approximately \$2.0 million after tax with costs more skewed to the latter half of 2017. As previously noted, cash expenditures will fluctuate depending on the status of the GM litigation.

During the current quarter, we were advised by the Ontario Superior Court of Justice (Commercial List) that our half day pre-trial conference previously scheduled for October 26, 2017 had to be rescheduled due to judge availability. The revised date is November 24, 2017. This change does not impact the previously disclosed trial dates – a 14 day trial starting on February 20, 2018.

As previously disclosed, Automodular commenced the Claim against GM and Inteva Products, LLC and Inteva Products Canada ULC (collectively, "Inteva") on May 13, 2011. The Claim relates to a contract (the "Contract") between GM and Automodular for the sequencing and sub-assembly of components and modules for the Chevrolet Camaro. By letter dated April 13, 2010, GM terminated the Contract effective September 20, 2010. GM then entered into a contract with Inteva for the same work that Automodular was performing under the Contract. Automodular alleges that GM's termination of the Contract was wrongful and in breach of the Contract. Automodular claimed \$20.0 million against GM for breach of contract and against Inteva for inducing breach of contract. Automodular also sought punitive damages in the amount of \$5.0 million. As previously disclosed, having obtained evidence from Inteva by way of the discovery process, on August 5, 2015, Automodular agreed to a dismissal of its claim against Inteva. There can be no assurance that the claim will be successful or that Automodular will recover any amounts from GM. In the event that Automodular is not successful in its claim against GM, it could be exposed to a claim for recovery of legal costs by GM.

Our focus is unchanged. We are moving the GM litigation forward while actively containing costs. Our NCIB remains open and we will repurchase shares when considered prudent. We also continue to be open to considering transactional opportunities to leverage our public company listing and cash balances.

The Board of Directors has elected to not declare a dividend in this quarter. The Company will continue to revisit its dividend policy in conjunction with its go forward plans on a quarterly basis and will update its shareholders accordingly.
